2. The following is an examiner's statement of reasons for allowance:

As the applicant points out in the pre-appeal conference request at p. 3:19-28, the prior art of record does not specifically teach or suggest: The combined steps in a method for integrating side-effects into regular expressions of applying the concept of side-effects to the subjunctive grammar form and allowing parameterization of encapsulations for regular expression.

These claim limitations are recited in the independent claims 58 and 78; thus, all remaining claims are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
